## Summary

- Highly motivated Computer Science student with a strong passion in Full-Stack Software Development.
- Proven ability in leading projects and meeting deadlines with attention to detail.
- Seeking Internship / COOP opportunities and available for upto 16 months.

## Skills

<b>Programming Languages</b>	HTML/CSS, JavaScript, TypeScript, C/C++, C#, Java, Python, SQL, R, L <sup>A</sup> T <sub>E</sub> X
<b>Libraries &amp; Frameworks</b>	.NET, ASP.NET (Core/MVC), React.js, Next.js, Express.js, Node.js, Flask, Django, Pandas, NumPy, Bootstrap, Tailwind
<b>Databases</b>	MySQL, PostgreSQL, Microsoft SQL Server, SQLite, MongoDB, Google Firestore

## Experience

### VP of Technology & Web Developer | *Sheridan Hackademics Club*

Mar 2023 - Present

- Leading the technical development and maintenance of Hackademics' digital platforms, including implementing a major website update aligned with the Hackville 2025 event branding, and demonstrating expertise in Webflow.
- Managing cross-functional collaboration between design and web development teams to ensure the timely deployment of design iterations, enhancing user experience and platform reliability.
- Overseeing the integration of advanced website functionalities, such as user login systems and backend data storage solutions using technologies like MongoDB.

## Education

### Honours Bachelor of Computer Science (Specialization in Data Analytics)

Sep 2021 – Apr 2025

*Sheridan College*

*Oakville, ON*

### Relevant Coursework

- |                                  |  |                                   |
|----------------------------------|--|-----------------------------------|
| • Data Structures and Algorithms | • Operating Systems & Network Services | • Web App Design & Implementation |
| • Software Design                | • OS Analysis & Design                 | • Enterprise Software Systems     |
| • Software Engineering           |  | • Machine Learning Techniques     |

## Projects

### BuddyFinder | *Next.js, Tailwind CSS, Java, Spring Boot*

Jan 2024

- Achieved the Best UI Design award for this full-stack web application project at the Hackville 2024 hackathon.
- Collaborated with back-end developers and served as the sole front-end developer by utilizing React.js (w/ Next.js).

### Rihla Travels | *ASP.NET Core, C#, Bootstrap*

Dec 2023

- Served as the group leader for a team project, overseeing the development of a full-stack travel booking application and honing my leadership and strategic planning abilities.
- Achieved a grade of 93%.

### Sheridan Works Out | *.Net, C#, Xamarin.Forms*

Aug 2022

- Collaborated with a team using agile methodology to create a cross-platform fitness application for mobile.
- Achieved a grade of 90% for my contributions.

### Dollar Sense | *React.js, Tailwind CSS, Flask, Python*

Jan 2024 – Present

- Leading a team to develop a full-stack budget tracker website that utilizes ML to provide spending predictions.
- Following the complete Software Development Life Cycle, including design, development, testing, and documentation.

## Certifications

### IBM Full Stack Software Developer Professional Certificate | *Coursera*

Dec 2023 - Present

### Mastering Data Structures & Algorithms using C and C++ | *Udemy*

Jan 2024 - Present
